Dear DG,

**REF: REQUEST FOR ASSIGNMENT TO THE DATA SCIENCE AND ANALYTICS SECTION**

I am writing to request consideration for an assignment to the Data Science and Analytics Section (DS&AS). Having recently completed my coursework and research requirements for a Master's degree in Statistics and Data Science (Biostatistics option) at the University of Hasselt, Belgium, I am eager to apply my skills to strengthen the Institute's data-driven research and initiatives.

My expertise in biostatistics and data analytics will support the design, management, and interpretation of research studies, thereby contributing to the Institute's strategic objectives.

I kindly request your support in facilitating this assignment.

Thank you for your consideration.

Sincerely,

Patrick Waweru Mwaura,
