

KENYA INSTITUTE OF PRIMATE RESEARCH

Data Protection Review Form

For Projects Involving Personal Data

Document Number: KIPRE/DPO/FRM/001
Version: 0.1
Document Owner: KIPRE Office of the Data Protection
Prepared By: Office of the Data Protection Officer
Document Status: Internal Working Copy

This document forms part of the Kenya Institute of Primate Research Data Protection Governance Framework.

Purpose

This form provides a structured framework for reviewing projects involving the collection or processing of personal data at the Kenya Institute of Primate Research (KIPRE). It is intended to assist Principal Investigators in demonstrating compliance with the Data Protection Act, 2019, its subsidiary regulations, and the KIPRE Data Management and Protection Policy, while enabling the Data Protection Officer (DPO) to undertake an independent compliance review and provide appropriate recommendations.

Scope

This form shall apply to all research, surveillance, public health, academic, consultancy, training, and collaborative activities involving the processing of personal data:

1. conducted by KIPRE employees, students, or researchers;
2. conducted within KIPRE premises or research sites;
3. involving KIPRE staff, research participants, patients, volunteers, or other individuals whose personal data are processed by or on behalf of KIPRE;
4. undertaken by external investigators seeking permission to collect personal data from KIPRE staff, facilities, laboratories, records, or other institutional resources; and
5. involving KIPRE as a collaborating institution, Data Controller, Data Processor, or custodian of personal data.

Instructions for completion

1. Parts I and Sections A–K shall be completed by the Principal Investigator (PI) or Project Lead.
2. The completed form shall be submitted together with the research proposal and supporting documentation.
3. The Data Protection Officer shall independently review the submission and complete Part II (Sections L–Q).
4. Where the DPO determines that the proposed processing presents a high risk to the rights and freedoms of data subjects, a Data Protection Impact Assessment (DPIA) shall be completed before commencement of the project.
5. Completion of this form does not replace scientific, ethical, institutional, or regulatory approvals required under applicable laws or KIPRE policies.

Part I

Principal Investigator self-assessment

Section A: Administrative information

To be completed by the Principal Investigator (PI) or Project Lead

Project category	☐ Research ☐ Surveillance ☐ Public Health ☐ Training ☐ Consultancy ☐ Collaborative Project ☐ Other (Specify): _____
Proposal title	Digital Media utilization and the dissemination of research findings in Kenyan Public Research Institutes
Principal Investigator	Onsomu Marcellah
Position/Designation	Doctoral Student at Daystar University
Directorate/Division/Section	School of Communication
Institution (if external)	Daystar University School of Communication
Collaborating Institution(s)	None
Sponsor/Funder	Self sponsored student
KIPRE's role in the project	☐ Data Controller ☐ Joint Data Controller ☐ Data Processor ☐ Data Custodian ☒ To be determined
Expected project duration	One week
Principal Investigator email	marcellahonsomu190310@daystar.ac.ke
Telephone	0726097214
Date submitted	15 th July 2026

For official use

Reference Number	
ISREC Reference Number (if applicable)	
Date received by DPO

Date of review	

Submission checklist

The following documents are enclosed with this submission.

Supporting document	Attached
Completed Data Protection Review Form	☐
Project proposal / Protocol	☐
Participant Information Sheet (where applicable)	☐
Consent Form(s) (where applicable)	☐
Data Collection Tool(s) (where available)	☐ ✓(attached)
Data Management Plan (if developed)	☐
Ethics Approval or Evidence of Ethics Submission (where applicable)	☐ ✓ attached
Other supporting documents	☐ request and introduction letters attached

Section B: Initial screening

To be completed by the Principal Investigator (PI) or Project Lead

Please indicate whether any of the following apply to the proposed project.

Screening question	Yes	No	N/A	Comments
Does the project involve the collection or processing of personal data?	☐	☐ ✓	☐	
Does the project involve processing of sensitive personal data as defined under the Data Protection Act, 2019?	☐	☐ ✓	☐	
Does the project involve children or other vulnerable individuals?	☐	☐ ✓	☐	
Will personal data be collected electronically (e.g., REDCap, ODK, KoboCollect, mobile applications, web-based surveys)?	☐	☐ ✓	☐	Interview to be done On zoom platform
Will personal data be stored electronically?	☐	☐ ✓	☐	
Will personal data be shared with individuals or organizations outside KIPRE?	☐	☐ ✓	☐	
Will personal data be transferred outside Kenya?	☐	☐ ✓	☐	

Will cloud-based services be used to store or process personal data?	☐	☒	☐	
Will the project involve automated decision-making, artificial intelligence, machine learning, or profiling?	☐	☒	☐	
Will biological samples be linked to identifiable personal information?	☐	☒	☐	

Screening question	Yes	No	N/A	Comments
Could unauthorized disclosure of the data result in harm to participants?	☐	☐	☐	The information provided will be treated with strict confidentiality and the name of the interviewee or institute will not appear anywhere in my study reports.

Screening outcome

The responses provided in this section determine whether the project requires a detailed data protection compliance assessment.

- If **all responses are “No”**, the project is unlikely to involve the processing of personal data or present material data protection risks. The Principal Investigator may proceed with the normal institutional review and approval process. No further assessment under this Form is required unless the scope of the project changes.
- If **one or more responses are “Yes”**, the Principal Investigator shall proceed to the subsequent sections of this Form for a detailed data protection compliance assessment.
- Where one or more responses indicate a potentially high-risk processing activity, the Data Protection Officer may require the completion of a Data Protection Impact Assessment (DPIA) in accordance with the Data Management and Protection Policy and applicable legal requirements.

Section C: Lawfulness, fairness and transparency of processing

To be completed by the Principal Investigator (PI) or Project Lead

Describe how the proposed project complies with the principles of lawful, fair, and transparent processing under the Data Protection Act, 2019.

C1. Purpose specification

Is the purpose for collecting and processing personal data clearly defined?

☐ Yes ☒ No

Describe the purpose(s) of processing.

the student will collect data for her doctoral study by interviewing three staff members from ICT, Communication and one researcher on the use of Digital media to disseminate research findings.

C2. Data minimisation

Will only personal data that are necessary for achieving the research objectives be collected?

☐ Yes ☒ No

Explain how unnecessary personal data have been avoided.

Use of pseudonyms. All information provided will be treated with strict confidentiality and your name will not appear in any report.

C3. Lawful basis for processing

Identify the primary lawful basis for processing personal data.

- ☐ Consent
- ☐ Performance of a contract
- ☐ Compliance with a legal obligation
- ☐ Protection of the vital interests of the data subject
- ☒ Public interest
- ☐ Legitimate interests
- ☐ Scientific or historical research purposes
- ☐ Other (Specify): _____

Provide justification for the selected lawful basis.

 Doctoral student collecting data to support a study on use of digital media to disseminate research findings in Kenyan public research institutes.

C4. Fair and transparent processing

Will participants receive adequate information regarding the processing of their personal data? **THERE WILL BE PROCESSING OF PERSONAL DATA. I UNDERTAKE TO SHARE ALL INFORMATION AS PER THE KIPRE AND DATA PROTECTION REQUIREMENTS.**

Information provided to participants	Yes	No
Purpose of data collection	☒	☐
Categories of personal data collected	☒	☐
How the data will be used	☒	☐
Who the data will be shared with	☒	☐
Expected retention period	☒	☐
Potential international transfer	☒	☐
Participant rights under the Data Protection Act	☒	☐
Contact details of the Principal Investigator	☒	☐
Contact details of the Data Protection Officer (where applicable)	☒	☐

C5. Privacy notice

Will participants be provided with a Participant Information Sheet and/or Privacy Notice explaining how their personal data will be processed?

☐ Yes ☒ (CONSENT FOR IS ATTACHED) ☐ No

If yes, indicate the document(s) provided.

CONSENT FORM ATTACHED

C6. Supporting documentation

Please indicate whether the following documents have been prepared and submitted, where applicable.

Supporting document	Submitted	Not applicable	Comments
Research proposal	☒	☐	
Participant Information Sheet	☒	☐	
Informed Consent Form	☒	☐	
Privacy Notice	☒	☐	
Data Collection Tool(s)	☒	☐	
Data Management Plan	☐	☐	
Data Sharing Agreement (if applicable)	☐	☐	
Material Transfer Agreement (if applicable)	☐	☐	
Ethics approval or submission (Internal or external)	☐	☐	
Other supporting document(s)	☐	☐	

If additional supporting documents have been provided, please list them below.

Section D: Consent

To be completed by the Principal Investigator (PI) or Project Lead

This section applies where consent is relied upon as the lawful basis for processing personal data. Where another lawful basis is relied upon, indicate this below and proceed to the next section.

D1. Is consent the primary lawful basis for processing?

☒ Yes ☐ No

If No, specify the lawful basis:

D2. Consent requirements

Requirement	Yes	No	Comments
Consent will be obtained before personal data are collected.	☒	☐	
Consent is freely given without coercion or undue influence.	☒	☐	
Consent is specific to the stated purpose(s).	☒	☐	
Consent is informed.	☒	☐	
Consent is expressed through a clear affirmative action.	☒	☐	
Participants will receive sufficient time to consider participation.	☒	☐	
Participants may withdraw consent without penalty.	☒	☐	
The withdrawal procedure is clearly explained.	☒	☐	
Records of consent will be securely maintained.	☒	☐	
Where applicable, parental or guardian consent will be obtained.	☒	☐	
Where appropriate, participant assent will also be obtained.	☒	☐	

D3. Consent documentation

Select the applicable consent mechanism.

- ☐ Written informed consent
- ☒ Electronic consent
- ☒ Audio-recorded consent
- ☐ Verbal consent
- ☐ Waiver of consent requested
- ☐ Other (Specify): _____

D4. Additional information

Provide any additional information relating to consent.

Consent requirements will be adhered to

D5. Is consent sought separately for future use of personal data or biological samples?

- ☐ Yes
- ☒ No
- ☐ Not Applicable

Section E: Confidentiality, privacy and data minimization

To be completed by the Principal Investigator (PI) or Project Lead

Describe the measures that will be implemented to protect the confidentiality and privacy of personal data throughout the project.

E1. Data identification

How will personal data be collected?

- ☐ Fully identifiable
- ☒ Coded (Pseudonymised)
- ☐ Anonymous
- ☐ Other (Specify): _____

E2. Privacy safeguards

Safeguard	Yes	No	Comments
Direct identifiers will be removed where practicable.	☒	☐	
Unique participant identification codes will be used.	☒	☐	
The key linking participant identities to study codes will be stored separately.	☒	☐	
Only authorized members of the research team will have access to identifiable data.	☒	☐	
Access rights will be assigned according to staff responsibilities.	☒	☐	
Confidentiality agreements have been or will be signed by project personnel handling personal data.	☒	☐	
The proposal minimizes collection of directly identifying information.	☒	☐	
The proposal avoids collecting unnecessary personal data.	☒	☐	

E3. Special categories of personal data

Will the project process any of the following?

Category	Yes	No
Health information	☐	☒
Genetic information	☐	☒
Biometric information	☐	☒
Information relating to children	☐	☒
Information relating to vulnerable persons	☐	☒
Other sensitive personal data	☐	☒

If yes, describe the additional safeguards that will be implemented.

E4. Investigator declaration

Briefly describe how confidentiality will be maintained throughout the project lifecycle.

use of code and pseudonyms to identify participants.

Section F: Information security measures

To be completed by the Principal Investigator (PI) or Project Lead

Describe the technical, organizational, and physical safeguards that will be implemented to protect personal data against accidental or unlawful destruction, loss, alteration, unauthorized disclosure, or unauthorized access.

F1. Technical safeguards

Measure	Yes	No	Comments
Password protection will be used for all devices containing personal data.	✓	☐	
Personal data will be encrypted during storage.	☐ ✓	☐	
Personal data will be encrypted during transmission.	☐ ✓	☐	
Role-based user access controls will be implemented.	☐ ✓	☐	
User authentication (e.g., strong passwords or multi-factor authentication) will be implemented where appropriate.	☐ ✓	☐	
Audit logs or system logs will be maintained where applicable.	☐ ✓	☐	
Regular system backups will be performed.	☐ ✓	☐	
Backups will be stored securely.	☐ ✓	☐	
Anti-malware or endpoint protection software will be used.	☐ ✓	☐	
Software and operating systems will be kept up to date with security patches.	☐ ✓	☐	

F2. Organizational safeguards

Measure	Yes	No	Comments
Roles and responsibilities for handling personal data have been defined.	☐ ✓	☐	
Only authorized personnel will process personal data.	☐ ✓	☐	
Members of the project team have received or will receive appropriate data protection training.	☐ ✓	☐	
Confidentiality agreements have been signed where appropriate.	☐ ✓	☐	
Procedures exist for reporting personal data breaches.	☐ ✓	☐	
Procedures exist for securely sharing personal data with collaborators.	☐ ✓	☐	

F3. Physical safeguards

Measure	Yes	No	Comments
Paper records will be stored in locked cabinets or secure offices.	☒	☐	
Access to areas containing personal data will be restricted.	☒	☐	
Portable storage devices containing personal data will be securely protected.	☒	☐	
Visitors will not have unsupervised access to personal data.	☒	☐	
Secure disposal procedures will be followed for paper and electronic records.	☒	☐	

F4. Use of third-party systems

Will any third-party service providers process or store personal data on behalf of the project?

☐ Yes ☒ No

If yes, specify the service provider(s) (e.g., REDCap, KoboToolbox, Google Drive, Microsoft OneDrive, AWS, Azure, Dropbox) and describe the security measures in place.

N/A

F5. Security incidents

Describe the procedures that will be followed in the event of a personal data breach or other information security incident.

Will be reported and actioned in line with the Data protection law and procedures

Section G: Data sharing and disclosure**To be completed by the Principal Investigator (PI) or Project Lead**

Describe any proposed sharing or disclosure of personal data to collaborators, sponsors, regulatory authorities, service providers, or other third parties.

G1. Data sharing

Will personal data be shared or disclosed to any third party?

☐ Yes ☒ No

If yes, provide details.

Recipient(s)	None
Purpose of sharing	
Categories of personal data shared	
Expected frequency of sharing	

G2. Data sharing arrangements

Requirement	Yes	No	Comments
Recipients of personal data have been identified.	☒	☐	
A Data Sharing Agreement (DSA) is in place or will be established.	☒	☐	
The legal basis for sharing personal data has been identified.	☒	☐	
Only the minimum necessary personal data will be shared.	☒	☐	
Appropriate security measures will be maintained during data transfer.	☒	☐	
Recipients are required to maintain confidentiality.	☒	☐	

G3. International transfer of personal data

Will personal data be transferred outside Kenya?

☐ Yes ☒ No

If yes, complete the following.

Country or countries receiving the data	
Recipient institution(s)	
Purpose of transfer	
Legal basis for transfer	
Safeguards to protect the transferred data	

G4. Ownership and stewardship of research data

Who will own or have stewardship of the research data?

- ☐ KIPRE
- ☐ Sponsor
- ☐ Collaborating Institution
- ☐ Joint Ownership
- ☐ Other (Specify): researcher – Onsomu Marcellah ____

G5. Publication and dissemination

Will research findings be published or shared publicly?

☐ Yes ☒ No

If yes, indicate how participant confidentiality will be protected.

research will be share but the identity of the participant or institution will be protected and will not appear anywhere.
Code and pseudonyms will be used to identify participating institutions

G6. Additional information

Provide any additional information regarding data sharing or disclosure.

data will be handled as per the provisions and requirements if the data protection act and procedures

Section H: Data retention, archiving and disposal

To be completed by the Principal Investigator (PI) or Project Lead

Describe how personal data will be retained, archived, and securely disposed of in accordance with the Data Protection Act, 2019, institutional policies, and applicable research or regulatory requirements.

H1. Data retention

What is the proposed retention period for personal data?

Retention period	One year
Reason for the retention period	Completion of doctoral study at Daystar University
Applicable policy, sponsor requirement, or legal requirement	Academic requirement

H2. Data archiving

Will personal data be archived after completion of the project?

☐ Yes ☒ No

If yes, complete the following.

Location of archived data	
Person or office responsible	
Access restrictions	
Archiving format (electronic/paper/both)	

H3. Secure disposal

Describe how personal data will be securely destroyed once the retention period has expired.

Method	Applicable	Not Applicable
Secure deletion of electronic records	☒	☐
Secure destruction of paper records	☒	☐
Destruction of backup copies	☒	☐
Destruction certificate or disposal record maintained	☒	☐
Other (Specify)	☐	☐

H4. Long-term preservation

If research data will be retained for future scientific use, explain how personal data will continue to be protected.

Data will not be stored beyond the study period

H5. Future use of research data

Will the personal data be retained for future research or secondary analysis?

☐ Yes

☒ No

If yes, describe:

- the purpose of future use;
 - whether participants have consented to future use;
 - who will authorize access to the archived data; and
 - how confidentiality will continue to be protected.
- _____
- _____

H6. Additional comments

Provide any additional information regarding data retention, archiving, or disposal.

Data will be used for study purposes only and disposed as per the data protection ACT.

Section I: Data subject rights

To be completed by the Principal Investigator (PI) or Project Lead

Describe how the project will facilitate the exercise of data subject rights in accordance with the Data Protection Act, 2019.

I1. Data subject rights

Requirement	Yes	No	Comments
Participants will be informed of their rights before personal data are collected.	☒	☐	
Procedures exist for responding to requests for access to personal data.	☒	☐	
Participants may request correction or updating of inaccurate personal data.	☒	☐	
Participants may withdraw consent where consent is the lawful basis for processing.	☒	☐	
Participants may object to processing where permitted under law.	☒	☐	
Participants are informed how to lodge complaints regarding the processing of their personal data.	☒	☐	
A contact person has been designated to respond to participant enquiries.	☒	☐	
Where appropriate, participants will be informed of their right to contact the KIPRE Data Protection Officer.	☒	☐	

I2. Managing data subject requests

Briefly describe how requests from participants relating to their personal data will be managed.

With strict confidentiality and in accordance to the law.

I3. Research limitations

Where any data subject rights may be limited because of scientific or public interest research, explain the justification and safeguards that will be implemented.

This data does not involve the use of human or animal subjects, children or vulnerable groups. All participants' data will be protected.

Investigator declaration

I certify that the information provided in this checklist is true, complete, and accurate to the best of my knowledge. I further undertake to implement the data protection measures described in this submission and to comply with the Data Protection Act, 2019, applicable regulations, and KIPRE policies throughout the lifecycle of the project.

Name	ONSOMU MARCELLAH EUCABETH
Signature	
Date	28 TH JULY, 2026

Section J: DPO screening and DPIA determination

To be completed by the Data Protection Officer (DPO)

Based on the information provided by the Principal Investigator and the supporting documents submitted, complete the following assessment.

J1. Preliminary review

Review item	Yes	No	Comments
The submission is complete and suitable for review.	☐	☐	
The project involves the processing of personal data.	☐	☐	
The project involves sensitive personal data.	☐	☐	
The proposed lawful basis for processing is appropriate.	☐	☐	
Appropriate privacy safeguards have been described.	☐	☐	
Appropriate information security measures have been described.	☐	☐	
Appropriate arrangements for data sharing and international transfers have been described.	☐	☐	
Data retention and disposal arrangements are adequate.	☐	☐	
The rights of data subjects have been adequately addressed.	☐	☐	

J2. DPIA screening

Does the proposed processing present a high risk to the rights and freedoms of data subjects?

☐ Yes

☐ No

If yes, indicate the applicable risk factors.

Risk factor	Applicable
Large-scale processing of personal data	☐
Large-scale processing of sensitive personal data	☐
Processing involving children or vulnerable persons	☐
Systematic monitoring of individuals	☐
Automated decision-making or profiling	☐
Use of new or emerging technologies	☐
Cross-border transfer of personal data	☐
Linkage of multiple datasets	☐
High likelihood of privacy harm if data are compromised	☐
Other significant privacy risks	☐

J3. DPO determination

Does this project require a Data Protection Impact Assessment (DPIA)?

- ☐ Yes
☐ No

Reason for determination:

J4. Additional actions required

Tick all that apply.

- ☐ No further action required
☐ Additional information required from the Principal Investigator
☐ Revision of the proposal required
☐ Revision of participant information sheet
☐ Revision of consent documentation
☐ Data Sharing Agreement required
☐ Data Processing Agreement required
☐ DPIA to be completed before approval
☐ Consultation with ISREC required
☐ Consultation with Legal Office required
☐ Other (Specify): _____

J5. Overall privacy risk rating

Based on the DPO's assessment, the overall privacy risk associated with this project is:

- ☐ Low
☐ Moderate
☐ High
☐ Very High

Comments:

Section K: DPO compliance assessment

To be completed by the Data Protection Officer (DPO)

Assess the adequacy of the proposed data protection controls using the following rating scale.

Assessment	Meaning
FA	Fully adequate – Control is sufficient.
AMI	Adequate with minor improvements – Minor revisions are required before approval.
PA	Partially adequate – Significant improvements are required.
I	Inadequate – Control is absent or unacceptable.
N/A	Not applicable – Requirement does not apply to the project.

K1. Compliance assessment

Requirement	FA	AMI	PA	I	N/A	Comments
Lawfulness of processing	☐	☐	☐	☐	☐	
Fairness and transparency	☐	☐	☐	☐	☐	
Purpose limitation	☐	☐	☐	☐	☐	
Data minimisation	☐	☐	☐	☐	☐	
Data accuracy	☐	☐	☐	☐	☐	
Storage limitation	☐	☐	☐	☐	☐	
Integrity and confidentiality	☐	☐	☐	☐	☐	
Information security measures	☐	☐	☐	☐	☐	
Consent process (where applicable)	☐	☐	☐	☐	☐	
Data subject rights	☐	☐	☐	☐	☐	
Data sharing arrangements	☐	☐	☐	☐	☐	
International data transfers	☐	☐	☐	☐	☐	

Requirement	FA	AMI	PA	I	N/A	Comments
Data retention and disposal	☐	☐	☐	☐	☐	
Overall accountability	☐	☐	☐	☐	☐	

K2. Summary of assessment

Provide a summary of the principal strengths, deficiencies, and priority actions identified during the review.

Section L: Recommendations and corrective action plan

To be completed by the Data Protection Officer (DPO)

Based on the compliance assessment, identify any corrective actions required before the project may proceed or continue. Assign a priority, indicate the responsible person, specify the target completion date, and track implementation status.

Priority classification

Priority	Meaning
Critical	Must be addressed before the project may commence or continue.
Major	Should be addressed before implementation or approval of the project.
Minor	Improvement recommended to strengthen compliance and good practice.
Observation	Opportunity for improvement; no immediate compliance concern identified.

L1. Corrective action plan

Required action / Recommendation	Priority	Responsible person	Target date	Implementation status
				☐ Open ☐ In Progress ☐ Verified ☐ Closed

Required action / Recommendation	Priority	Responsible person	Target date	Implementation status
				☐ Open ☐ In Progress ☐ Verified ☐ Closed
				☐ Open ☐ In Progress ☐ Verified ☐ Closed
				☐ Open ☐ In Progress ☐ Verified ☐ Closed
				☐ Open ☐ In Progress ☐ Verified ☐ Closed
				☐ Open ☐ In Progress ☐ Verified ☐ Closed

L2. Overall observations

Summarize the key findings of the review, highlighting significant strengths, weaknesses, residual risks, and any issues requiring further attention.

Section M: DPO review outcome and recommendation

To be completed by the Data Protection Officer (DPO)

Following review of the submitted documentation and assessment of compliance with the Data Protection Act, 2019, applicable regulations, and KIPRE policies, indicate the outcome of the review.

M1. Review outcome

Tick one option only.

- ☐ The project adequately addresses data protection requirements. No further action is required.
- ☐ The project may proceed subject to implementation of the recommendations identified in Section L.
- ☐ Major revisions are required before the project may proceed.
- ☐ A Data Protection Impact Assessment (DPIA) shall be completed before the project may proceed.
- ☐ Additional information or supporting documentation is required.
- ☐ The project should be referred for further institutional, legal, or ethics review.
- ☐ The project is not recommended for implementation in its current form.

M2. DPO recommendation

Based on this review, I recommend that:

M3. Conditions (if applicable)

List any conditions that must be satisfied before implementation.

Section N: Review certification and follow-up

To be completed by the Data Protection Officer (DPO)

N1. Review certification

I certify that I have reviewed this project in accordance with the Data Protection Act, 2019, applicable regulations, and KIPRE policies, and that the recommendations contained in this report represent my independent professional assessment.

Name of Data Protection Officer	
Signature	
Date	
Official stamp (where applicable)	

N2. Follow-up review

Complete this section where the proposal has been revised following the DPO review.

Date revised documents received	
Date reviewed	
Corrective actions verified	☐ Yes ☐ No
Outstanding actions remain	☐ Yes ☐ No
Date of final verification	
Reviewer initials	

N3. Record management

Review reference number: _____

Date closed: _____

Next review required:

- ☐ Not required
- ☐ During project implementation
- ☐ Annual review
- ☐ Upon substantial amendment
- ☐ Other: _____
