

INTERNAL MEMO

DATE: 22 May 2026

TO: Director General

THRO': Director, research and product development

FROM: Patrick Waweru Mwaura, Data Science and Analytics Section

**SUBJECT: NOMINATION FOR INCLUSION IN PFRM ACT TRAINING FOR
RESEARCH SCIENTISTS**

Following your guidance regarding the PFRM Act training programme for Research Scientists scheduled to commence on 25 May 2026, I submit my nomination for inclusion in the said training.

The Data Science and Analytics Section supports institutional performance monitoring and development of data systems that enhance accountability and compliance across institutional processes.

Participation in this training will strengthen the section's capacity in compliance monitoring, institutional accountability, and alignment of institutional data systems with public finance and governance requirements.

Kindly note that preliminary communication from the coordination team indicates that the workshop venue is expected to be KARLO Seeds, Thika (along Thika–Kandara road, near Dell-view area, past Blue Post), subject to final confirmation.

I therefore request approval for my inclusion in the training programme and facilitation of the necessary administrative processing.

Respectfully submitted,

Patrick Waweru Mwaura
Data Science and Analytics
