

KENYA INSTITUTE OF PRIMATE RESEARCH

INTERNAL MEMO

DATE: 22 May 2026

TO: Director General

THRO': Director, research and product development (**Copied for information**)

FROM: Officer-in-Charge, Data Science and Analytics Section

REF: KIPRE/DG/ADM/DSAS/25/9/20190118042

SUBJECT: REQUEST FOR INCLUSION IN PFRM ACT TRAINING FOR RESEARCH SCIENTISTS

Following your guidance regarding the **PFRM Act training** programme for Research Scientists scheduled to commence on 25 May 2026, at KALRO Seeds, Thika, I respectfully submit my request for inclusion and travel facilitation.

As the Officer-in-Charge of the Data Science and Analytics Section, currently undertaking these responsibilities under **Special Duty Assignment**, my role supports institutional monitoring and evaluation, data systems management, reporting, and policy support functions that contribute to institutional accountability and compliance processes.

Participation in this training would strengthen the section's capacity to align institutional data and reporting systems with **governance, compliance, and public resource management requirements**, while also supporting integration of analytics functions into broader institutional accountability frameworks.

Considering the operational relevance of the training to the functions currently assigned to the section, I respectfully request urgent approval for my inclusion and the necessary facilitation, noting that the workshop will commence on Monday.

Respectfully submitted,

Patrick Waweru Mwaura

Officer-in-Charge, Data Science and Analytics Section
