RE: STAFF REPORTING THROUGH THE KIPRE ESTABLISHMENT SYSTEM

This is to remind all staff members to adhere to the approved organizational structure and reporting lines in the execution of their duties and responsibilities.

All staff are required to report to their respective supervisors and relevant officers as outlined in the organizational structure. Communication, submission of reports, requests for approvals, and operational matters should follow the established chain of command.

Directors, Deputy Directors, Heads of Departments and Supervisors are requested to ensure that their teams understand and comply with the reporting framework.
