

Joint meeting held with EACC Corruption officers, KIPRE's Corruption Prevention Integrity Committee (CPC) and Integrity Assurance Officers

18th June, 2026

Conference room

Present:

EACC Corruption officers, from corruption prevention directorate of preventive services:

Mr Stanislaus Ondima, Ms Consolata Ogola

CPC members	IAO Members
Dr Peter Mwethera- Chair	Dr Lucy Ochola- Chair
Mr Patrick Manene- Co-chair	Ms Cecelia Musyoka-secretary
Dr Lucy Ochola -Secretary	Mr Patrick Mwaura
Dr George Omondi	Mr Elias Mukundi
Dr Danson Mwangi	Ms Pauline Otoli
Ms Lucyline Mbogori	Mr David Chai
Mr Daudi Salla	Mr Halkano Molu
Ms Maimuna Juma	Mr Purity Oreng'

Apologies: Dr Stella Irungu

Agenda

1. DG welcome and introductions
2. Presentation, KIPRE document presentation and questions from EACC representatives
3. IAO mode of operation
4. Key requirements for CPC
5. Review of EACC Documents
6. Other important information to consider
7. Way forward
8. What EACC Requires
9. Close of meeting

Preliminaries: Meeting started at 1030am. Prayer from Ms Otoli

Min 1/18/06/2026

- Director General Dr Mwethera welcomed our guests and invited KIPRE staff to introduce themselves. Followed by presenting an overview of KIPRE and our activities. He further

stated that KIPRE is undergoing a transition, working at about 50% staffing levels. He then invited Mr Manene to co-chair the session.

- Mr Manene briefed the officers on the activities relating to CPC and IAO. Noting that the institute is still undergoing a transition and may not have met all requirements of

Min 2/18/06/2026

- Mr Ondima: Introduced himself and Ms Ogola. EACC officers visit institutes at the end of each year. To monitor how effective structures are at monitoring corruption, ensure key tools are in place to assist with the process. He then sought the following information: are the CPC and IAO well constituted, requested minutes of meetings and training.
- Mr Manene: Board and all staff have undergone a risk assessment training; the members of CPC and IAO are well constituted and provided evidence. Only three members had been sensitized on CPC operationalization. However, CPC and IAO performance is constrained by lean staffing with staff stretched across multiple committees.
- Mr Ondima: noted that the whole team (CPC and IAO) need to be trained. He further noted that CPC had not undertaken a dismal performance or quarterly reports. CPC need to share duties and responsibilities of each member in IAO as they represent specific departments. The KIPRE organogram was reviewed and it was noted that we require IAO's in each section, we need to have a permanent staff heading the internal order.

Min 3/18/06/2026: Mode of operation of IAO.

1. The committee is not for PC activities but for EACC related matters- for operationalization of corruption prevention measures aimed at preventing bribery, corruption and unethical practice in public entities. IAO should sit quarterly. An agenda should be prepared first by IAO and then presented to CPC. Every division should have a representative IAO. All IAOs to share reports on divisions. Chair of IAO will prepare reports for CPC. The CPC will then submit minutes and progress report to EACC. Ensuring CPC incorporates the operationalization of the prerequisite structure and implementing strategies. Should provide a template for mitigation plan, and template for progress reports. Progress report prepared based on mitigation plan- attached with minutes and other reports with IAO and CPC.

Min 4/18/06/2026: Key Requirements for CPC

2. Program for meetings
3. Trainings CPC, IAO, workshop for staff (217staff)- national values and principles, etc.
4. Once you train IAOs, come up with training of other staff, we will train on areas we identify. This should include prevention of bribery and corruption, code of conduct, conflict of interest. Anti-corruption and economic laws. Apart from staff, stakeholders that include suppliers, collaborators should be trained eg. this is how we deal with you to avoid corruption

5. IAO should not constitute Heads/ Directors, but should be people who interact with staff daily as they will be able to get information more easily.
6. Structure of CPC to include DG, Directors, head of section, should not include internal auditor (the internal auditor can be an IAO)
7. Download- CPC guidelines and model document. Produce two documents from our policy

Min 5/18/06/2026: Review of EACC Documents

(<https://eacc.gov.go.ke/en/default/Downloads/>) and CPC to develop the following

1. Model Procedures for prevention of bribery and corruption

This should be customized considering scale and net of operations. Following pursuant to section 9 of the Anti-Bribery Act, Cap 79B.

Below are details to consider for developing **KIPRE procedures for prevention of bribery and corruption**:

- Preamble: we should have a Preface (signed by chair).
- Introduction why developing these procedures. Signed by the DG. To call document procedures
- Background to KIPRE; brief mandate, what mission, vision, values. Broad strategic goals (summarized).
- Commitment: our commitment is to change... change entity to KIPRE, also have an abbreviations section. KIPRE is committed to implement. Ensure we own the document. Include a statement that we stand for zero tolerance
- Objectives- drawn from etc
- Scope:
- Definitions: (can come after preface), only for terminologies you plan to use- can add
- Legal framework- keep as is do not change
- Liability- delete this as this is for private companies not for government agencies
- Bribery outcomes- summary of act
- Penalties:
- **Include relevant policies**- what we have used, eg KIPRE corruption prevention, whistle blower, conflict policy, performance contracting, risk assessment, should be added here
- Bribery and corruption risk assessment and management: How we will do it and follow up on a timely basis.
- **High risk areas**: list the areas where risks will be
- Managing third parties: KIPRE will identify third parties, and how we will incorporate them, include a clause. KIPRE will not condone corruption related practices eg. Relating to tenders etc. can include this information on our website.

- Declaration of conflict of interest
- Reporting mechanisms: how do we report, which office/ director/ office of CPC or do we send to KIPRE P.O BOX, emails, Website portal, leave EACC contact
- KIPRE will ensure that all reporting is anonymous and protected whistleblower.
- Processing of reports:
- Feedback: there should be continuous feedback on incidents and reports eg once month feedback to say how far investigations have gone, after three months final report
- Whistleblower protection- create a culture of whistleblower protection across KIPRE
- Communication and training- sensitize directors, management, staff and stakeholders. Provide link
- Collaboration- who are you going to cooperate with others. Liaise with KEMRI, MoH we would like to benchmark and learn more.
- Implementation- change item (vi): from designated senior to CPC shall set up enforcement structure etc.
- M&E
- Annex 1 customize with our logo only
- Annex 2: is a checklist (i) does KIPRE have a written and accessible statement

2. Guidelines for establishment and operationalization of the corruption prevention committee

Below are details to consider

- Appendix 1: Generic anti-corruption policy for public entities: this gives the structure of what KIPRE's policy should look like.
- Conflict of interest
- Law that constitutes our formation Legal office
- Formed a CPC and IAO (put we have constituted a unit that comprises, indicate department names, state duties and responsibilities from guidelines)
- Strategies: values, code of conduct,
- Bribery and corruption: summarize high risk areas
- KIPRE has developed a Whistleblower policy developed

3. EACC-CRA DOCUMENT

- Annex 3B- page 40 Appendix IIIb to develop this table.
- Every division to sit and identify corruption risks. List them in all divisions- probability and impact. Then transfer only the high risk, indicate the directorate- and fill out the table on page 40
- Timeframe- the duration, indicate that per quarter and responsible person.

- **In the template shared – we noted that most Bribery risks indicated are purely operational.**
- Annex 5 – template for submitting implementation
- Name of ministry/institute
- Identified risks/ mitigation/prevention/ activities/ outputs

Min 6/18/06/2026: Other items to consider:

- Record Management- advise on this will be sent so we gauge where we are
- PSC-authentication of certificates (submit to EACC) form 4 to the university
- Asset management- have a policy, have we adopted treasury guidelines. Comprehensive, ownership, have we automated assets. Assets unit/ committee?
- Risk management policy- occupational health and safety committee- work related risks. Financial risks (mention OHSC)
- Audit unit must be there- tracks audit (treasury, board) check with Lucyline. Critical is independence- reports to CEO and not finance. Don't include internal audit cannot criticize you
- Performance management framework- require PC you must develop tools for appraisals for lower staff. Targets. Develop workplans. Reward and sanction policy- need to develop
- Code of conduct approved by DG and board. Do a sensitization workshop include a form with brief summary of exercise and get all staff to sign off
- Conflict of interest form for all to sign
- Gift policy

Min 7/18/06/2026: The way forward

1. **15th July, 2026. Final submission of protocol development (We need to develop a model procedures document and submit to EACC. This that will help KIPRE mitigate and manage corruption**
2. **CPC only to undergo a 2-day training. This will be done for free by the EACC commission. Mr Ondima proposed we draft a letter from CPC requesting for a training. The training should involve the entire team including the CEO. Provide dates. The training can be offered online.**
3. **IAO training- IAO officers should write a separate letter for training; this will take place in one of the regional centres. This is a 5-day certified training. It has a curricular, KIPRE IAO will be trained on policies, plans, mitigation plan for fighting corruption, whistle blowing, how to identify corruption. Every division to sit and identify corruption risks. List them in all divisions- probability and impact. Then transfer only the high risk, indicate the directorate- and fill out the table on page 40**

Min 8/18/06/2026: WHAT EACC REQUIRES:

1. All documents can be sent online- scan and send to pcsubmissions@integrity.co.ke
2. Model Procedure document- signed by CEO and adopted by board
3. Implementation- ensure all policy, reporting mechanism etc structures, designated officer
4. Bribery and corruption plan by 30th September, send only once
5. Quarterly mitigation report on template, evidence and minutes attached
6. Capacity building- confirm formation of CPC, IAO- they have been trained, provide quarterly minutes,
7. Tell us if sensitized staff on procedure, policy, stakeholders. Indicate what we covered (program) who were consultants, expected output/ outcome (list of attendees)
8. Appendix 23rd cycle upload guideline- only bribery corruption risk- appendix IIIa template for rating. IIIb. Report appendix 5. Attach only minutes- of both committees

The meeting ended at 1330.
