Industrial Attachment Logbook

Admission No: DPSC01/4369/2022
Student Name: Muthoka Musembi
Place of Attachment: INSTITUTE OF PRIMATE RESEARCH
Attachment Duration: **From:** 11/03/2024
To: 11/06/2024

Week	Objectives	Diary Description	Lessons
Week 1.	introductions	orientations	meeting Kenya Institute of Primate Research (KIPRE) staffs in different departments. and orientation. I was able to meet and interact with all the staff of the institute.
Week 2.	Understanding procurement documentation	Gaining knowledge on the various procurement documents and their use.	i was taken through all the procurement documents used in public entities. the documents included: Local purchase order(LPO), Departmental Order form (DOF), Gate pass, Goods received note, Bin cards and direct issue note.
Week 3.	how Procurement documents are used	Processing of Local purchase orders and Departmental order forms.	i learnt how to process the departmental order forms (Dofs) once they are brought in the procurement department by the user departments. the Dofs are used to identify a user need and send of quotations to suppliers. i also learnt how to process Local purchase orders (LPOs) once the quotations are brought by the suppliers.
Week 4.	Understanding processing of quotations	preparing of quotations	i had the privilege of learning how to process quotations. this included filling quotations using Dofs and sending it to the selected suppliers from

			the supplier database of the Kenya institute of primate Research(KIPRE).
Week 5.	understanding prequalification of suppliers	receipt of supplier data, analysis of supplier data, updating of supplier data base.	The supervisor led me through the entire process of supplier prequalification. this included analyzing their data to ensure they meet the mandatory requirement for prequalification which include, registration certificate, Company profile, Certificate of compliance, certificate of incorporation and P12 certificate. those who met the requirements i learnt how to update the supplier database and add them for future consideration in the procurement processes.
Week 6.	Store keeping	stock taking and issuance of goods from the central stores to user departments	the stores department made me learn how to process bin cards. Bin cards are documents used to record goods received and issued in the stores section. i learnt that goods are received and entered with a red pen and issued with a blue or black pen. the bin card balances should always match the physical count of the items in the store.
Week 7.	Preparation of tender advertisements	preparation of tender advert, upload of tender documents in the website and public procurement regulatory authority portal.	i learnt how a tender advert is processed. we did a tender advert in Enterprise resource planning (ERP) majoring in three modules namely: finance and accounting, procurement system and HR module. i was involved in posting it at KIPRE website and PPRA portal.
Week 8.	Record management, printing and photocopying	filling, printing and photocopying	i was taught the filling system in the institute. the filling process is done as per the various departments of KIPRE. this enabled me to gain critical skills in the management of files. i also learnt to print documents and use of photocopier services

			which i managed to print various documents and helped fellow colleagues in photocopying of documents.
Week 9.	understanding public procurement and disposal Act 2015 and Regulations 2020	reading the PPDA Act 2015 and Regulations 2020	during this week, my supervisor led me through various sections of the procurement Act and the regulations. more importantly, we analysed the procurement methods and their applications including the thresholds set for each procurement method. this was done together with the regulations as the two documents compliment each other.
Week 10.	preparation of audit materials	provision of documents requested by auditors, ensuring all the documents are ready in time for submission to auditors.	i had the privilege to work on audit materials that were requested by auditors. this included processing of the documents they asked, updating the supplier database to ensure its up to date. i also managed to update the PPRA report for the financial year 2023-2024 which is a requirement for the audit report.
Week 11.	report writing	producing PPRA quarterly report for the financial year 2023-2024, quotation evaluation reports and professional opinion	as a requirement by the law, KIPRE was required to produce reports on her expenditure for every financial year. this data included all goods purchased, contracts offered, categories of the different items purchased, method of procurement used. i also learnt how to write evaluation reports for quotations and writing professional opinions as its a requirement by the law.
Week 12.	receipt and inspection of goods	receipt of goods, inspection, processing delivery notes and invoices	during this week, i learnt the whole process of receiving goods, inspection and processing of delivery notes. i had also the privilege to process invoices and forwarding them to the

			accounts in the accounts department for payment.
Week 13.	tender opening and tender opening minutes	attending tender opening exercise and writing tender opening minutes	i was honored to attend tender opening for security services, fire fighting equipment, insurance and cleaning and landscaping. it was a lengthy exercise which took over five hours hence i had the opportunity to learn how the whole process is undertaken. consequently, i was involved in writing the tender opening minutes for the various tenders. the supervisor ensured i got to understand every step of the tender minutes writing.
Week 14.	evaluation of quotations, analysis of quotations and award.	quotation evaluation, award and drafting minutes	i attended a quotation evaluation committee for the purchase of lab equipment, chemicals and reagents. the exercise that took at the old library in the institute helped me learn better on the process of quotation evaluation and analysis of the prices. i also took part in the writing of the minutes for the evaluation report and award to the most competitive quotation.
